

Educational Planning for and Transition of Adjudicated Residents

Rhode Island Department of Children, Youth and Families
Division of Juvenile Correctional Services: Training School

Policy: 1200.1716

Effective Date: June 14, 2004

Revised Date: September 1, 2010

Version: 2

The Education Program ensures that adjudicated residents receive comprehensive education planning and instruction. The Individual Treatment Plan (ITP) incorporates educational goals and objectives, including services required by the Individual Education Plan (IEP) or Section 504 of the Rehabilitation Act. During subsequent Bi-Monthly Reviews, the goals and objectives are updated to reflect each resident's progress.

Transition interventions promote successful re-integration of residents into the community. Transitional planning is the focus of a Bi-Monthly Review Meeting held at least sixty (60) days prior to the resident's anticipated End of Sentence. Transition services help each resident achieve social adjustment, employment and educational success when he/she returns to the community.
